**HEAVY-DUTY HAND CLEANER**

Solvol, the iconic heavy-duty hand-cleaning soap trusted by generations of Australians, is back with a new enhanced formulation that blends a powerful cleaner with a gentle, natural moisturiser. First introduced in 1915, Solvol has been the go-to solution for Aussies who aren't afraid to get their hands dirty. "We're thrilled to reintroduce the new Solvol soap," Solvol's Rosemary Murphy said. "For over a century, Solvol has been synonymous with quality and effectiveness for Australians who need a hand cleaner that can tackle even the grimeiest jobs."
